Sir,

In connection with the
special survey on the boilers of the s.s.
Strathmore now due, Captain J. Moore
requests that this may be held on the
vessel's arrival at New York or a home
port as it would cause inconvenience
to the vessel to have it held here.

I am, Sir,
Your obedient servant
H. J. Jones

Sir

I am commencing with the
specimen survey on the bottom of the sea.
I have been very much interested in the
report that this work has been on the
water surface at a point over a
part of it which was in connection
to the water to have it been there.

Yours truly

James A. Smith
Secretary to Lloyd's
Register of Shipping
