

St John's Newfoundland.

4th October 1898.

This is to certify that the undersigned James Angel Engineer and Arthur Jackman Master Marine, did survey the forepeak, side, and cross bunker of the S.S. "Strathleven" of Glasgow 2436 tons gross whilst in Dry Dock and found that the same have been scaled and painted, and are now in good condition.

Also examined ship's bottom whilst on Dry Dock and found the bottom in good condition, and also scraped and painted.

Signed

James Angel
A. Jackman

Fee \$10.00.
