

21st April, 1843

Gentlemen:

I have to acquaint you
that I am in receipt of a
letter from the Owners of
the Steamer *Lizzie* & *Ann*
in which it is stated that
the vessel is at Boston
every Monday, & that arrangements
can be made for the Boiler
Survey to be carried out at
that port. You will therefore
be so good as to communicate
with the Owners, & arrange
to hold the requisite survey.

I am,

Gentlemen,

Yours obedient Servant.

To Surveyors.
Hull.
