N.B.84
N.D.B.96

3 months' limit on main boiler (to renew) will expire at the end of March 1899.

The Owners' Superintendent states that the boiler for this vessel is in course of construction by Messrs. Dodman & Co., King's Lynn, where the vessel will proceed to have the same shipped. The Firm promised to complete the same this month, and he understands that Mr.Salmon was at Lynn on Tuesday last, and passed the plates.
