

RD REPORT on the Motor Vessel "Lizzie and Annie".

It is submitted the Hull Surveyors be informed that as it is not now the owner's intention to class this vessel, freeboards will be assigned as an unclassified vessel for a period of 4 years. The certificates forwarded on 25<sup>th</sup> ult. should therefore be returned to this office for cancellation and fresh certificates on the form for unclassified vessels will be issued.

A fee of £6 would be charged for freeboard assignment as an unclassified vessel, but in view of the Rummy which has been held with a view to classification in the Society's Register Book, for which a fee of £22 was recommended by the surveyors (£10 for machinery and £12 for hull) it is submitted that if this fee of £22 be paid, the fee of £6 for freeboard assignment might be waived.
