Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

Enclosure.

4th January, 1936.

Dear Sirs,

E.

I am in receipt of your letter of the 2nd instant, with enclosures advised therein, respecting the motorship "LIZZIE & ANNIE", and with regard thereto I have to inform you that the plan of riveted air receiver, as shown and amended, will be approved for a working pressure of 280 lb. per sq. inch, provided the air receiver be constructed under the usual conditions of survey and testing.

Since there may be some practical difficulty in combining a welded end plate with a shell having a double riveted lap joint, I have to request you will give this feature your special attention.

The plan forwarded by you is returned herewith.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
