

AIR RECEIVER Endorsement.

Shipbuilders: Messrs.

No.

Makers: Messrs.

For: Messrs.

M/V 'LIZZIE + ANNIE'

Union Dry Dock, Eng Co Ltd

Air Receiver No.

It is submitted that the plan of *riveted*
as shown & amended
air receiver, merits approval for a working pressure of *280 lbs.*
per sq. *in.*, provided the air receiver be constructed under
the usual conditions of survey and testing.

*Since there may be some practical difficulty in
combining a welded end plate with a shell having a
double riveted lap joint, it is desired the Surveyors
Return plan. will give this feature their special attention.*
