# Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

27th July 1943

Dear Sirs,

The Committee have today had before them the Report of Survey recently held at Grimsby on your motor-ship "LIZZIE & ANNIE" from which it is noted that the Special Survey No. 2 has been held so far as the hull of the vessel is concerned.

In normal circumstances a record of this Special Survey would not be assigned until the Machinery Survey had been completed, but this practice has been waived during the present emergency. The Committee have therefore assigned a notation of "S.S.No.2-43" on the understanding that you will endeavour to have the outstanding item of the Machinery Survey (namely the examination of the starboard starting air receiver) attended to as soon as possible without delaying the ship.

I am, Dear Sirs,  
Yours faithfully,

Clerk to the  
Classification Committee.

Messrs. The B.W. Steamship, Tug & Lighter  
Co. Ltd.,  
Oriel Chambers,  
27, High Street,  
HULL.
