Lloyd's Register of Shipping.

Port of HULL

12th February, 1945.

This is to Certify that I have

Part

Surveyed the ~~Boiler and Machinery~~ of the Motor Vessel "LIZZIE & ANNIE", 117 tons gross of Hull, whilst lying afloat in the River Hull, on the 13th January, 1945 and subsequent dates,

and that I have transmitted to the Committee of Lloyd's Register of Shipping, London, a Report stating that all recommendations made by me in connection therewith have been carried out to my satisfaction, and that I have

Recommended that the record of LMC.CS. with date

be made in the Register Book in the case of this vessel when the survey has been completed.

Parts now examined:—

Both cylinders of main engine, together with pistons, connecting rods, top and bottom end bearings and crankpins,

Engineer Surveyor to Lloyd's Register.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:—

"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly executed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances whatever to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any entry in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
