CL.

12th November, 1913.

Gentlemen,

I return herewith your report No.26898 on the
"LIZZIE & ANNIE", and have to request that you will
be good enough to complete the same by stating in detail
particulars regarding the extent of the internal survey now
required by you for freeboard assignment.

You should also check the sheers given on your
report form 11a, in view of the discrepancy between the
sheers reported in your report No.16102 dated July, 1904,
which were as follows, viz., stem 26", stern post 17½",
1/8th from stem 13" and 1/8th from stern post 10", and also
round of beam now given as 5" instead of 6" as formerly.

I am, Gentlemen,

Your obedient Servant,

Assistant to the Secretary.

Surveyors,

HULL.
