71, Fenchurch Street, E.C. 3.

10th April, 1922.

Dear Sirs,

With reference to the case of the Motor Vessel "LIZZIE AND ANNIE", I have to inform you that to make the hatchway supports equivalent to the Rule requirements, the fore and afters should be renewed and made 7" x 6".

With regard to the sails indicated on the back of your freeboard report, it is concluded the sketch is approximately to scale, but I shall be glad if you will forward a scale drawing if possible, in order that the permissible sail area may be determined.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

HULL.
