21st January, 1896.

Dear Sir,

With reference to the classification in this Society's Register Book of your steamer "BAKUIN", I beg to acquaint you that it appears from a report received from the Society's Surveyor at Philadelphia that damage sustained by this vessel through stress of weather was partly made good there, some minor matters being left over to be attended to on the steamer's arrival at a home port.

Perhaps you will kindly let me know when and at what port it will best suit your convenience to have the repairs completed and the bilge suction pipes, which were temporarily repaired, permanently made good?

I am, Dear Sir,

Yours faithfully,

Secretary.

A. Stuart Esq.
