23<sup>rd</sup> June 1898.

Sir,

Some short time since a gentleman from your office was good enough to call upon me in regard to a survey at Ballao, concerning which there had evidently been some delay, owing to the lamented death of Mr George Elster Lloyd's Agent at Ballao.

I am today in receipt of a letter from Captain G. Pleyoult who is at present acting as Lloyd's Agent and I enclose herewith for your information an extract from his communication and which I trust may give you the particulars that you desire.

I am, Sir,

Your obedient servant.

The Secretary,

Lloyd's Register.
