The Secretary,

Lloyd's Register,

Sir,

In reply to the enquiry contained in the classing letter of the 23rd instant, respecting the steamer "BAKU STANDARD", I beg to inform you that the owner's Superintendent stated at the time of survey, that he did not wish the docking or any other part of the work to be reported as part of the Special Survey No. 2, in order not to complicate their claim against the underwriters.

In the event of the owners requiring a part of the present survey to be considered as part of the Special Survey, the examination of the vessel in dry dock, and the internal examination and testing of the engine room tank may, in my opinion, be taken as a portion of the survey in question.

I may add that, in my opinion, the owners' proposal to carry out the survey before the expiration of the year of grace, merits the favourable consideration of the Committee.

I am, Sir,

Your obedient servant,
