LETTER No. 3161.

The Secretary,
Lloyd's Register of Shipping,
High Close,
WOKINGHAM, Berks.

Dear Sir,

"PAMIR" 3232.

I have to acknowledge receipt of your classification letter in respect to the above vessel. The reason why the shell plating was not drilled at this special survey was that there was no evidence of wastage outside or in and in view of this I was well satisfied that the shell plating was efficient.

The vessel at the moment has returned to this Port with a full cargo and during my visit on board, this vessel appears to be well found.

I am, Sir,
Yours faithfully,

George D. Lidgett 2018

LETTER NO. 2101

"TARLE" 2102

I have acknowledged receipt of your communication
dated 26th October 1942 in respect of the above vessel. The reason why the shell
was not attached at this special survey was that there was
no evidence of contact outside or in view of this I was
satisfied that the shell plating was efficient.

The vessel at the moment has returned to this port
with cargo and crew. My visit on board this vessel was
