25th October, 1951.

RECEIVED

25 OCT 1951

Dear Sir,

"PAMTR" and "PASSAT"

With reference to recent correspondence on the above vessels in which you are informed that the Owners have agreed to release the vessels with this Society I have to advise you that on Friday last, the Company's Secretary visited me in this Office and stated that it had been decided not to release the vessels with this Society.

I visited the vessels at Kiel yesterday with the Secretary and the Representative of the Owners and found that the reconsideration had been due to certain officials at Howaldtswerke A.G., Kiel, informing the Owners that the proposed plans would require six to eight weeks for approval.

The matter has now been discussed with this Society and will be reassessed with this Society as a matter of necessity. This is an indication of the Society's interest, for reasons of approval in Germany.
