28th September, 1955.

Reference:

Classn(S).

Dear Sir,

Ans'd 29/10

" PAMIR "

Hamburg Report No. 3997

Reference your classing letter of 29th of July on the above subject we have to inform you that after enquiries from the Owners, the above ship is stated to have been fitted with a new propeller made by Messrs. Ostermann of Köln to a drawing approved through our Düsseldorf Office, but this was not confirmed at the time the ship was seen in drydock in February last.

Messrs. Ostermann confirmed that two new propellers (one for spare) were cast for the 'Pamir' to an approved drawing and these propellers were despatched to Messrs. Stülcken Sohn, Hamburg, for fitting to the ship in February.

We would suggest that the vessel's class be made subject to confirmation of the fitting of the new propeller at the next drydocking.

Yours faithfully,
The Surveyors.

Dear Sir,

"TAMIR"
Hamburg Report No. 2927

Reference your classing letter of 29th of July on the above subject we have to inform you that after enquiries from the owners, the above ship is stated to have been fitted with a new propeller made by Messrs. Giesemann of Köln to a drawing approved through our Hamburg Office, but this was not confirmed at the time as the ship was seen in drydock in February last.

Messrs. Giesemann confirmed that ten new propellers (one for spare) were cast for the 'Tamir' to an approved drawing and these propellers were dispatched to Messrs. Giesemann Sohn, Hamburg, for fitting to the ship in February.

We would suggest that the vessel's class be made subject to confirmation of the fitting of the new propeller at the next docking.

Yours faithfully,
The Surveyors.
