

Swan Hunter Higham Richardson's No 735

It is submitted that provided the arrangement of tank side connections be as shewn and amended, the same will merit approval.

With reference to the spacing of the web frames, it is considered that this should not be definitely decided upon until deck plans are submitted shewing the openings in way of engines and boilers.

Rev. 2-9-04
Amend. 4th
1 plan.
P.L. to H.W.C.
