-----

The Second Special Survey No.3 became due on this vessel in March last.

The Owner now writes to the effect that he intends to retain the ship's classification with the Germanischer Lloyd only, and desires her class with this Society to be withdrawn from this Society's Register Book.

The Classing Committee had the case before them on Friday, the 7th instant, when they decided to give instructions for the vessel's class to be withdrawn from the Society's Register Book and three dots (...) inserted in lieu thereof, <sup>12,34</sup> indicating withdrawal of class at Owner's request.

  
13th December, 1934.
