Proposed to be held at

MARIEHAMN.

The Owner writes this vessel is now on her way to Mariehamn where the requirements of the above survey afloat will be carried out, and that the bottom survey will be held later at Copenhagen where she is to be drydocked.

Submitted for approval in view of examination in drydock in September last. & the Helsingfors Surveyor authorised to carry out the Special Survey. In view of the importance of the Survey, this should be of a stringent character & great care should be exercised. The usual particulars of scantlings &c should be forwarded & also to the Copenhagen Surveyor.
