Der Senat der Hansestadt Lübeck

12th January, 1960.

Dear Sirs,

Aux. Barque Training Ship "PASSAT"

The Town of Lübeck purchased the aux. barque training ship "PASSAT" on the 15th December, 1959. The ship will be used stationary as a house boat for the Provincial Training School of the rising generation of seamen, Priwall. As under these circumstances a class will no longer be required, the Town of Lübeck is not interested in a renewal and asks you kindly to withdraw the class of the ship from the Register.
