Dear Sirs,

S. I beg to acquaint you that the remarks in your letter of the 14th instant, relative to the thrust shaft supplied at Lisbon to your S.S. "STETTIN", have received the consideration of the Committee, and that the particulars which you have been so good as to furnish regarding the results of the tests carried out on test pieces cut off the transverse section of the shaft have been carefully looked into ; and I have the pleasure to say that in all the circumstances the shaft will be approved of by the Committee as a permanent repair.

I am, Dear Sirs,

Yours faithfully,

Secretary.
