Dear Sir,

S.S. "Stettin".

We duly received your favour Ref. "H" of 14th inst.
regarding the periodical survey of above steamer and we note the
information you give in this respect.

As indicated in our letter of 10th we contemplate
fitting this steamer next year with new boilers and donkey boiler
and you can therefore understand that we do not desire to carry
out the No. 3 survey at the present time. We could no doubt how-
ever arrange for part of the work in connection with the special
survey to be done while the steamer is withdrawn from her service

for boiler survey and overhaul and we trust this will be sufficient to enable your surveyors to make such a report that your Committee will be in a position to extend the completion of the special survey until the middle of the following year.

Yours truly,
