Dear Sir,

"CUTTY SARK"

I am in receipt of your letter of the 10th February relating to the proposal to preserve the above clipper. It is noted that more detailed information will be required regarding the present condition of the ship, and we shall be pleased to arrange for Mr. J.M. Robertson, the Society's Special Surveyor for Yachts, to carry out a further survey as desired.

It is now understood that the proposed site has been found unsuitable, and that Mr. Robertson's services will not therefore be required immediately, but that if and when another site is obtained the required survey will then be carried out. No doubt you will keep me advised of developments in this respect.

Yours faithfully,

p.c. Mr. Robertson.
