THE "CUTTY SARK" SOCIETY,

Palmerston House,
51, Bishopsgate,
London, E.C.2.

9th November, 1956.

J.S. Saunders, Esq.,
Lloyd's Register of Shipping,
4, Canute Road,
Southampton.

Dear Mr. Saunders,

As you may know, your predecessor, Mr.J.M. Robertson, was given approval by Lloyd's to act as a member of the Society's Technical Committee. Now that he has retired, the Board of Governors would be very pleased if you could assist us in the same way. The enclosed Annual Report will show that the work of placing "Cutty Sark" in a permanent berth is now complete, and refitting and rerigging is now proceeding fast. It is hoped that the opening ceremony will be performed next May.

Yours very truly,

(sgd) H.L. Hollis.

Secretary.
