Particulars of Repairs and Examination

(State clearly the cause of Repairs if any, and, in detail, the nature and extent of Examinations and subsequent Repairs. Repairs on account of Damage should be separated from

Repairs due to other causes. State also the dates and initials of any letters respecting this case.)

While this vessel was on blocks in dry dock, the propeller and appurtenances found good, the sea connections and stern gland examined were overhauled, the stern gland repacked.

Both pistons and high pressure slide valve were opened out for examination and found good.

overhauled air, circulating, feed and Bilge pumps, fitted new rod and new neck bush to circulating pump, the feed and bilge pump plungers turned up and new neck bushes fitted to suit. Examined crank shaft journals and pins, shafting and boilers found all good.

General Observations, Opinion, and Recommendation :—

(State clearly what alteration, if any, is suggested to be made in the existing notification of the vessel's machinery in the Register Book, consequent upon this survey.)

I am of opinion that the Machinery of this vessel is in good and safe working condition worthy continuation of Class.
