Report

Lnk No. 10096

The remarks of the Chief Surveyor are desired on this case for the consideration of the Classing Committee.

It is submitted that before this case receives the consideration of the Committee the Reports should be returned to Greenock and the Surveyor requested to state, if in his opinion the bottom in way of the Stakehold & Boilers was in a satisfactory condition, in view of the Statement in the Hong Kong report, that the bottom in way of same was set up about 1 1/2 inches on either side of the Ship for a length of about 20 ft.
