Dear Sirs,

M.S. "BERLIN"

C.  
RNC/DET

The Committee have today had before them your memorandum of the 28th June, and while they will not press the Owners to hold the starboard screwshaft survey before November next, they wish the Owners to appreciate that they will be unable to agree to any further deferment after that date, seeing that the survey became due so long ago as January 1966.

Yours faithfully,

Classification Manager

The Surveyors,  
BREMEN.
