Lloyd's Register of Shipping,

Your Ref:-
DF/HC.
Enclosure.

71, Fenchurch Street, E.C. 3

4th October, 1935.

Dear Sirs,

T.S.S. "ARANDORA STAR"

E.

With reference to your letter of the 30th ultimo, with enclosures advised therein relating to the above vessel, I have pleasure in stating that the diagrammatic plan and specification of sewage ejector installation for the amidship accommodation will be approved, provided the arrangements be as shown on the plan and as detailed in the specification, and the whole of the work be carried out to the satisfaction of the Society's Surveyors.

It is noted from your letter that the locally-operated sluice valves to the sewer mains, where they pass through the aft engine room bulkhead, will not be controlled from above the bulkhead deck, and no exception will be taken to this arrangement.

It is further observed that you will advise this Office in due course as to where the proposed work will be put in hand.

I return herewith one copy of the

plan, together with the specification.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. The Blue Star Line, Ltd.,
Superintendent's Department,
17-18, West Smithfield,
