Enclosures

27th October, 1938.

Dear Sirs,

M. I return herewith two copies of each of the plans, forwarded with your letter of the 24th instant, of "D" deck extension, "E" deck extension, anchor crane, companion, and extension to forecastle deck and side framing in the case of the "ARANDORA STAR", and with regard thereto I have the pleasure to state that provided the scantlings and arrangements be carried out as shewn and amended and to the satisfaction of the Society's Surveyors, they will be approved.

It is observed that the Owners desire that the construction of the proposed extension shall be of a light character only, and not of similar scantlings to those of the erection to which it is to be joined. Further, that the Owners are averse to disconnecting the new structure from the existing erection as previously suggested.

The equipment will not be affected on account of the proposed alterations.

The remaining copies of the plans are being retained for reference.

At the same time I am returning two copies of the plan, forwarded with your letter of yesterday's date, of

forged anchor davit, and I may say that the arrangements shewn on this plan will be approved, provided they be carried out to the satisfaction of the Surveyors.

The third copy of this plan is being retained for record.

I am, Dear Sirs,

Yours faithfully,

Secretary.

Messrs. Palmers Hebburn Co., Ltd.,

HEBBURN-ON-TYNE.
