19th December, 1932.

Dear Sirs,

I duly received your letter of the 13th instant in regard to the mishap which occurred to the Steamer "CONTE DI SAVOIA" on her maiden voyage through the breaking of one of the turbo generator condenser circulating discharge valve bodies, and note, with interest, the steps which are proposed to be taken to avoid a repetition of such an occurrence.

In the meantime, I await your reports in the case.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

TRIESTE.
