Sir,

Vickers-Armstrongs' No. 707.

(Twin Sc. "AWATEA").

The preliminary trials of the above vessel have commenced, and it is expected that the final trials will be completed on 28th of this month.

As the certificates are likely to be required immediately on the conclusion of the trials, we propose forwarding our First Entry Reports to London on or about the 15th July, and shall inform you by telegram regarding the result of the trials and the payment of fees in order that the certificate may be sent to this office for handing over, and we shall be glad to know if this is considered to be in order.

With regard to the fees, it is assumed that a proportion of the fees will be allotted to the Glasgow office in account of a certain amount of work carried out there in connection with the boilers, and we shall be glad to know the amount of this portion and whether it has been applied for or already paid.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.
