Ansd.
LONDONTwin Sc. "AWATEA".

Dear Sir,

With regard to our report on the replace gearing for the above vessel now forwarded, we beg to state that the spare wheel shaft has been fitted and is at present being finish machined at Messrs. Vickers-Armstrongs. The spare main wheel is complete and will be sent to Messrs. Parsons, Newcastle, for gear cutting at an early date.

It is understood that the wheel and shaft will be assembled at Messrs. Parsons and shipped from there to Cockatoo Island, Sydney.

Our original letter on this matter is dated 27th August, 1936.

We are, Dear Sir,

Yours faithfully,

THE SURVEYORS.
