ENCLOSURES.

2nd March, 1937.

Dear Sirs,

M. I have to acquaint you that Messrs. Vickers-Armstrongs, Ltd., are making new main gearing for the T.S.S. "AWATEA", No. 71121 in the Register Book, and plans have been approved in this Office shewing modifications which will be necessary to the existing gear case and thrust block seatings, and also the fitting of recesses in watertight bulkhead 65 to suit the increased size of gearing - please see my letter of the 18th January last addressed to the Barrow Surveyors, of which a copy was sent you.

The Surveyors state that the alterations will be carried out at Cockatoo Island, Sydney, and I therefore enclose for your guidance the approved plans in question.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
SYDNEY, N.S.W.
