21st February, 1935.

Dear Sir,

S.

With reference to Greenock Report No.19840 on the new motorship "MANOORA", I shall be glad if you will ascertain from the Surveyors and let me know whether the number and size of the bilge suction in the holds are as shown in the approved plans, and at the same time confirm that there is only one $5\frac{1}{2}$ " direct suction to the engine room bilges, as the approved plan shows 3 of $5\frac{1}{4}$ ".

I am, Dear Sir,

Yours faithfully,

Clerk to the
Classification Committee.

The Secretary,

GLASGOW.
