YOUR REF

Dear Sirs,

G.M.V. 'Aramoana'.

We are returning herewith your machinery certificate for the above vessel and would respectfully point out an error relating to the shaft horsepower. This figure should in fact read 9000 and not 4500 as shown.

The receipt of this document came as a surprise to us as we do not normally receive this information and we feel in this instance that this certificate should have been sent to the shipbuilders i.e., Messrs. Wm. Denny & Bros.Ltd., Leven Shipyard, Dumbarton.

Yours faithfully,

P.S.Moir
