02/1313/4

12 October 1962.

The Surveyors,
Lloyds Register of Shipping,
P.O. Box 2129,
WELLINGTON.

Attention Mr. W. Holibar

Dear Sir,

G.M.V. "ARAMOANA"

Thank you for your letter of 4 October, concerning the issue of Classification Certificates in respect of the abovementioned vessel.

Further to my 02/1313/4 of 20 September, I have to advise that "Aramoana" was inspected in dry dock on her arrival in Wellington by Surveyors of the New Zealand Marine Department and the condition of the hull and machinery was satisfactory so far as could be determined from a superficial examination. It is considered that the vessel as built, complied with the classification requirements of Lloyds Register of Shipping.

Yours faithfully,

A. T. Gandell
GENERAL MANAGER.
