LLOYD'S REGISTER OF SHIPPING,

DUBLIN, 14th Sept. 1925.

The Secretary,  
LONDON.

Dear Sir,

S.S. "DIGBY"

This morning I have received from Repairers two additional copies of the following plans:-

1. Sketch of new houses P. & S. on shelter deck.
2. Divisional bulkheads in shelter tween decks.

These plans are herewith enclosed.

Repairers now advise me that they do not intend to cut any additional tonnage openings, so that the shelter deck space will not be deducted from the tonnage.

Yours faithfully, C.E. Roffey.

*This is submitted the attached 116 form be sent for the surveyors guidance. The necessary particulars as measured from the plans or obtained from the original report are indicated in pencil, and the Surveyor should be guided by these in preparing his report for amended freeboard assignment.*
