GLASGOW.

Dear Sir,

I understand from you that there is still a  
bulkhead to be fitted between Main and Upper Decks in the  
M.S. "Avenge", and that Fairfield have agreed to do  
this work when the vessel is returned for re-conditioning.

I shall be pleased to have your certificate for  
100 A 1 class at your earliest convenience.

Yours faithfully,

*W. Campbell*
