Via Mazzini No. 9,

LLOYD'S REGISTER
RECEIVED
- 7 MAY 1935

Trieste (111), 3rd May 1935.

Casella postale No. 2.

Dear Sir,

And. 9
LONDON

Reference

S.S. "CONTE ROSSO".

In connexion with the proposed fitting of a Loeffler High Pressure Boiler and two Escher Wyss Turbines on the above steamer, we have received from Messrs. Cantieri Riuniti dell'Adriatico, Fabbrica Macchine S. Andrea, a letter requesting to be supplied with copies of the Society's Rules :

- (a) for the construction of turbines, for the use of Messrs. Escher Wyss, Zurich,
- (b) for the construction and fitting of Marine Boilers, for the use of Messrs. Witkowitz Bergbau und Eisenhütten Gewerkschaft Morawska Ostrava.-

We have in stock a few copies of the Society's Rules for steel vessels, 1934-1935, which we propose to supply to Messrs. Cantieri Riuniti dell'Adriatico but, before handing same over, we shall be glad to know whether there are any special publications (Instructions or Suggestions), which may be forwarded at the same time, having reference to the construction of turbines or to the use of special materials and of electric welding which, we understand, will be extensively employed in the construction of the new installation.

I am, Dear Sir,
Yours faithfully,

R. Huparic

For the Surveyors.

The Secretary,
LONDON.

LLOYD'S REGISTER

Dear Sir,
LONDON

"CONTE ROSSO".

In connexion with the proposed fitting of a
Loeffler High Pressure Boiler and two Escher Wyss Turbines
on the above steamer, we have received from Messrs. Cantieri
Riuniti dell'Adriatico, Trieste Machine S. Andrea, a letter
requesting to be supplied with copies of the Society's Rules:

(a) for the construction of turbines, for the use of Messrs.
Escher Wyss, Zurich.

(b) for the construction and fitting of Marine Boilers, for the
use of Messrs. Witkowski Bergbau und Eisenhütten Gewerkschaft
Norwager Ostfyr.

We have in stock a few copies of the Society's
Rules for steel vessels, 1934-1935, which we propose to supply
to Messrs. Cantieri Riuniti dell'Adriatico but, before handing
same over, we shall be glad to know whether there are any special
applications (Instructions or Suggestions), which may be forwarded
at the same time, having reference to the construction of turbines
or to the use of special materials and of electric welding which
we understand, will be extensively employed in the construction
of the new installation.

I am, Dear Sir,
Yours faithfully,

For the Surveyors.
