Dear Sirs,

Loeffler Boiler Installation.
S.S. "CONTE ROSSO".

E.

I send herewith, for your information, a copy of Report No.C.1423 and Steel Makers' test report No.5079, which have been received from the Society's Surveyor at Winterthur, in respect of a special cast steel manoeuvring valve for the turbines manufactured by Messrs. Escher Wyss Engineering Works, Ltd. for the above vessel.

I may add it is understood that arrangements are being made for the automatic stop valve, referred to in the Steel Makers' test report, to be tested at Trieste, and I shall be glad if you will give the matter the necessary attention.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
TRIESTE.
