Enclosures.

Loeffler Boiler Installation
for the s.s. "Conte Rosso".

Reference

E.

Dear Sir,

I enclose herewith report No.C.1423 and steel makers' test report No.5079, covering a special cast steel manoeuvring valve for the turbines manufactured by Messrs.Escher Wyss Eng. Works Ltd. for the above vessel.

The steel makers' report also covers an automatic stop valve which has been forwarded to Cantieri Riuniti dell'Adriatico without testing in error by Messrs.Escher Wyss Eng.Works Ltd., and I understand arrangements will be made to test this valve in Trieste.

Kindly forward these reports to the Trieste Office.

I am, Dear Sir,

Yours faithfully,

W.G. Gallie

The Secretary,
London.
