23rd March, 1936.

Dear Sirs,

E.

I duly received your letter of the 16th instant, respecting the existing shafting of the s.s. "CONTE ROSSO", and with regard thereto I have to inform you that with Escher Wyss high pressure turbines in conjunction with the existing turbines, developing a total S.H.P. not exceeding 13000 at 96 revolutions per minute, diameter of propeller 6100 mm., the sizes of shafting, as stated in your letter, are such as could be accepted.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

TRIESTE.
