Dear Sirs,

E.

s.s. "CONTE ROSSO"  
Loeffler-Escher-Wyss H.P. Installation.  
-----

I duly received your letter of the 26th ultimo, with enclosures advised therein, respecting the above ship, and with regard thereto I have to inform you that plans Nos. 2507H, 5056, 2649H, 2642H and 2646H have been examined, and I shall be glad if you will discuss with the representatives of Messrs. Cantieri Riuniti dell'Adriatico and the Owners the comments set forth in the attached memorandum.

With reference to the remarks contained in the translation of the letter addressed to you by Messrs. Cantieri Riuniti dell'Adriatico, I shall be glad if you will advise this Firm that in assessing the aggregate area of the safety valves, account has been taken of the specific volume of the steam. Accordingly, remarks describing the experience of Messrs. Witkowitz with these valves are awaited.

Two copies of plans Nos. 2507H, 5056, 2642H are returned herewith, plans No. 2649H being retained pending
