QUESTION

ANSWER

I shall be glad if you will ascertain from the Owners and let me know what arrangements they propose making to have this vessel examined in drydock, as it would appear from the records in this Office that she has not been seen in drydock by the Society's Surveyors since August, 1953.

Date:—13th December, 1954.

This vessel ran aground off Hårnösand last month and is still on the ground.

It is not yet known whether the vessel will become a total loss, but in the event of the salvage operations being successful, dry docking and extensive repairs will be necessary.
