Lloyd's Register of Shipping,

71, Fenchurch Street, E.C. 3.

18th February, 1939.

Dear Sirs,

M. With reference to Mr. van Herwerden's First Entry Report No. 27832 on the motor vessel "CITRINE", I have to state that it is concluded the thickness of the tank side brackets and the poop side plating respectively as approved, have not been departed from, and that the latter has been incorrectly reported, but I shall be glad if you will confirm this, also that the lower stiffeners fitted on the collision bulkhead are as approved. I think it well to remind you that any departures from the approved plans should be noted in the report in the column provided for that purpose.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,
ROTTERDAM.
