Lloyd's Register of Shipping,

Ocean Chambers, Lowgate,

Hull, 19th December, 1951.

RECEIVED

21 DEC 1951

s.s. "Ansd....." No. 12878 in the Register Book

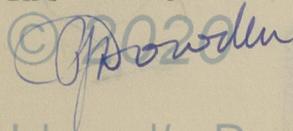

Dear Sir,

We beg to inform you that we have today been approached by the Owners' Consulting Engineers regarding the question of assignment of a timber Load Line to the above vessel.

It is understood that all necessary fittings, sub-division, etc., for this purpose already exist in the ship but we shall be glad if you will kindly furnish us with any particulars which may be available in this connection, to enable us to take the first opportunity of checking that this is so.

Yours faithfully,
The Surveyors,

Per:-

The Secretary,
LONDON.
