4th March 1925.

Dear Sirs,

I have to acknowledge the receipt of your telegram of this afternoon reading as follows:-

"ASCANIA not intended suspend meat cargoes from deck
"beams number 2 hold".

the contents of which have been noted.

As, however, you have not forwarded the approved plans of the ship (which are in your possession) for reference in dealing with the proposal to insulate No.2 hold, it has been found necessary to wire you as follows:-

"ASCANIA please forward tonight if possible
"approved plans".

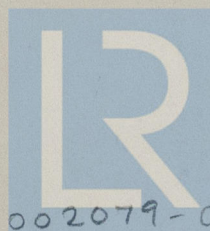

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

NEWCASTLE-ON-TYNE.
