17th March, 1919.

Dear Sirs,

With reference to your preliminary freeboard report No. 15,558 on Messrs. Hawthorn & Co.'s S.S. No. 177, I have to request you will ascertain whether the under-deck tonnage is correctly given as 1040, as this tonnage gives an unusually small tonnage co-efficient for a vessel of this description, namely, .64, and does not agree with the coefficient of .72 given on your report.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

LEITH.
