2 Enclosures

Dear Sirs,

M. With reference to your First Entry Report No.2081 on the steamer "DEARNE" (Messrs. Vickers' Yard No.611) I have to return herewith the approved midship section and profile plans and to request that you will amend the same to agree with the vessel as built, or forward plans of the ship as built. This should be done in all future cases.

I shall also be glad if you will state whether you are correct in reporting the spacing of the rivets in the shell butts as being  $\frac{3}{4}$  - 3" spacing, and also whether the riveting of the butts of the upper deck sheerstrake in wells is in accordance with the Rules.

I am, Dear Sirs,

Yours faithfully,

The Surveyors,

Secretary.

B ARROW.
